Administrative/HARVARD/TPENTITLE/CABEZONE  
Project Renewals, Budgetary Consolidation  
and Related Matters

REFERENCE: HQT-525, dated 7 April 1958

1. We are at present preparing requests for the renewal of the three projects for one year through June 1959. Concerning TPENTITLE personnel extensions, we have been assured that there will be no difficulty in obtaining the desired extensions, and no additional support in the terms of justification is required from you. We do require, however, the names of those persons to be extended and the dates to which extension is desired.

2. We have not succeeded in winning the concurrence of the KUTUBE staff in the consolidation of the budgetary and accounting requirements of HARVARD and TPENTITLE into one fiscal reporting system under CABEZONE. KUTUBE regards the operational activities of the three projects as separate and distinct in nature, requiring separate fiscal reporting. A compromise has been suggested, however, which you may wish to adopt: the purely administrative or housekeeping expenses of the three projects may be consolidated and charged to CABEZONE. In this category would fall office, safehouse, transportation, and other expenses incurred in CABEZONE's administrative support to HARVARD and TPENTITLE. The strictly operational expenses (payments to or in behalf of sources and agents) will continue to be reported separately. This may ease the accounting and reporting burden described by you in Reference.

3. As you are by now aware, we have succeeded in amending the TPENTITLE Project to increase the Fiscal Year 1958 Allocation by \$42,100.00
